COMPANY PROFILE: An Agri business investment platform, primarily focused on investing along the Africa Agriculture Value Chain (Trading and Farm production)

Job Description

Job responsibilities include:

- Oversee the finance function of the company including finance operations, financial planning, and financial reporting.
- Build financial models in excel based on historical information and other available industry-specific operating metrics.
- Determine appropriate valuations of investment projects through detailed analysis using ROI, IRR, and payback period.
- Manage the company's finances including capital raising, investment and risk management, and capital allocation.
- Provide executives with clear insights on drivers of business growth, risks, and opportunities supporting business development, mergers/acquisitions, and fundraising or debt facility negotiations.
- Oversee the staffing and management of the finance division.
- Prepare and maintain annual budget and forecast; provide detailed analysis of variances.
- Ensure the business meets all its statutory and compliance obligations, including statutory accounting and tax issues.
- Manage all relationships with bankers and providers of capital.
- Responsible for the preparation of all management reports, forecast, budget, analysis and make recommendations to executive management.
- Analyze funding needs to ensure that adequate funds are available to meet daily operational expenses and emergencies.
- Manage liquidity and ensure that yields on financial assets are maximized.
- Oversee bank account management and payment transactions to ensure compliance with the appropriate procedures and approval authority.
- Facilitate and maintain relevant relationships with financial service providers such as banks, payment service providers, lenders, and investors.
- Manage and maintain proper controls over treasury accounts, bank accounts, banking processes, and other treasury systems to allow easy disbursement, reconciliation, and replenishment.

JOB REQUIREMENTS:

- Minimum of university degree or equivalent in Accounting, Finance, Economics, or related field
- Minimum 12 -15+ years working experience in finance and audit industry
- Needs to be a certified Accountant (either ICAN, CIMA or ACCA membership)
- Advanced proficiency with MS Excel, experience with datasets, VBA, Power Query, Power Pivot or Power BI
- Familiarity with the Scrum method
- Strong commercial acumen and strategic thinking skills

COMPENSATION/PERKS:

N24 - 36m gross per annum based on experience.
